Mossad's One Million Helpers World-Wide

Martin Webster https://archive.is/3vmkc

March 26, 2010

Activities of the Sayanim

Why Mossad's Bosses Know They Are Able To Get Away With Murder:

We'll fill the gap
so they can have the experience
A sayanim is a Jew living outside Israel who volunteers to provide assistance to Israel and/or the Israeli Mossad utilising the capacity of their own nationality to procure assistance. This assistance includes facilitating medical care, money, logistics, and even overt intelligence gathering. Estimates put the number of sayanims in the hundreds of thousand.
In other words, a sayanim commits treason in the name of Israel.

Sayanim (Hebrew: סייענים) are allies to the interests of Mossad. These are individuals who live outside of Israel and often hold citizenships of countries they reside in, but who volunteer or are recruited clandestinely by Mossad to assist with their operations.
The word Sayanim is Hebrew for "helpers" or "collaborators". The term Sayanim itself is plural, with a single one being a Sayan (Hebrew: סייען).

Jeffery Sachs goes into more detail about how Barack Obama commanded The CIA to overthrow the Syrian Government and American Media covered for him

He says reporters are "lying through their teeth" when they blame Russia, it was Obama 4 years BEFORE Russia intervened

Says what Obama did is not Democracy

"Reporters who are lying through their teeth or ignorant beyond imagining that oh the war in Syria yes Russia intervened in Syria well do you know that the that Obama tasks the CIA to overthrow the Syrian government starting four years before Russia intervened"

"How many times did the New York Times report on Operation Timber Sycamore, which was the presidential order to the CIA to overthrow Bashar al-Assad three times in 10 years? This is not democracy."

If The CIA is overthrowing governments overseas, then they 100% do it here in America

thank you. we just can't let them do what they're currently doing, and thats push for more antisemitism in some strange way. using people like Candice Owens and Nick Fuentes to blame everything on the jews as if to peel them off after they've served their purpose once WW3 is complete and the New Dead/Order is made. they're using the jews and hiding behind them and the idea of antisemitism. and its a distraction from the rest of the iceberg beneath the surface. its bigger than the jews, the various cabals that make up the overall broader one share certain things in common. Babylon and Lucifer. and once you understand that you can better see how the NWO operates today and what their goals are.

the conspiracy is so much bigger than the jews, although they seem to be a special facet of it. theyre just another flavor of devil cult, although what makes them unique is theyre descended from those who were supposed to be the ones who kept the covenant of God alive, they were supposed to be against the Devil and his children, but instead they joined and became one of them. they're "lost" in this world, and their way out was through Jesus and they rejected him as the lamb of God and used him as a scapegoat instead. and now they're going to be scapegoated by the satanic NWO. they got greedy and switched to the wrong team.

God Emperor Trump

From Wikipedia, the free encyclopedia

The Master Drone (Italian: *Il Pa-Drone*), popularly referred to as ***God Emperor Trump***, was a 65-foot (20-metre) papier-mâché sculpture and float depicting Donald Trump, the president of the United States, dressed as the fictional God Emperor of Mankind from the *Warhammer 40,000* miniature war game franchise. It was created by the Italian artist Fabrizio Galli for the Carnival of Viareggio in 2019.

Design [edit]

The sculpture depicted Donald Trump wearing golden armour based on that of the God Emperor of Mankind from *Warhammer 40,000*. The knee and shoulder pads of the armour depicted the heads of various political figures.[1] In his right hand, Trump held a sword with four blue birds, representing Twitter, the platform from which he criticized his perceived enemies and promoted his positions.[2][3] Engraved on the blade of the sword was the Italian phrase *dazi vostri*, which translates to 'your taxes' or 'your duties',[1][2] but is also a pun on *cazzi vostri*, meaning 'you're in trouble'.[4][5] According to Fabrizio, the phrase could mean 'here's your fucking tariffs'.[6] The

The artist of the sculpture, Fabrizio Galli, stated that the sculpture was intended to mock the Trump presidency, and that Trump shares parallels with the fictional dictator from *Warhammer 40,000*.[2] Pointing out Trump's goals of Mars colonisation and the creation of the United States Space Force, Galli stated that politics had abandoned intellectualism in favour of "fantasy" and "virtual life".[4][7] The sword was intended as symbolic of Trump "trying to destroy nations with the economy instead of nuclear missiles".[8][6] This has been interpreted as a reference to the *Warhammer 40,000* concept of Exterminatus, or the destruction of an entire planet.[7]

Images of Donald Trump photoshopped into the armour of the God Emperor of Mankind, as well as the title of "God Emperor Trump", had been Internet memes used by Trump supporters prior to the float's debut.[9][10]

Reception [edit]

Although the sculpture was intended to criticise Trump, many of his supporters embraced it, with Emerald Robinson, the White House correspondent for One America News Network, stating that the Italian carnival looked "more fun" than the American Thanksgiving Day Parade because of the float.[1][11] Several conservative commentators interpreted the float to be a tribute to Trump, claiming that the carnival was a parade in his honour.[5]

The *Huffington Post* described the sculpture as "terrifying".[6]

good use of bait threads. there's no other use for them. might as well use their bait against them, and since slopthreads have bots they end up bumping your content up in the catalog instead of sliding it down, which is what they're set up to do.
I can see why they'd be assblasted about you doing it this way.

How would you not sus it's weird he's asking you did you meet up with his closest confidante at 'kung fu' practice? If he really wanted to know that he'd ask her, it's clearly done deliberately to leave an incriminating paper trail. If that were me I'd ignore every electronic correspondence of that nature and punch the head off him the next time I saw him anywhere. Fucking cornerboy drug dealers use electronic devices less than these clowns.
